DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: Each of the independent claims includes a third stage sorter which receives outputs directly from the both the first and second stage sorters and subsequently sorts them into a final glass cullet distribution, or an equivalent method step. This feature in combination with the other elements in the claims is neither anticipated nor obvious in view of the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
